WORCESTER — Foley Engines donated 300 disposable dust masks to UMass Memorial Health Care on Tuesday.

Foley Engines said the masks would help with sickroom exposure, and reduce exposure to nontoxic dusts.

"As a business with deep roots in the city of Worcester, we want to do our part to help stem the spread of coronavirus," said Jay W. Foley, president of Foley Engines, located at 200 Summer St.

Foley Engines, the oldest industrial engine distributor in North America, was founded in 1916.

The UMass Memorial Supply Donation Center is taking donations at the Hahnemann Campus of the medical center on Duxbury Road off Lincoln Street.

Contact the donation center at 508-334-4364 or email supplychaindonations@umassmemorial.org.
